## SPB-TS680HC 9D GOLD WIRE BALL BONDER

### FEATURES:

- 1) High speed wire bonding, 100000
- 2) High speed wire drawing, 10000
- 3) High speed wire drawing, 10000
- 4) Heating temperature 100°C-200°C, maximum 400°C
- 5) Drawing force 10-50 N, 50-1000000%
- 6) 12 wire diameter range
- 7) 12 wire diameter range, 1000000%
- 8) 12 wire diameter range, 1000000%
- 9) 12 wire diameter range, 1000000%
- 10) 12 wire diameter range, 1000000%

1) 12 wire diameter range, 1000000%

2) 12 wire diameter range, 1000000%

3) 12 wire diameter range, 1000000%

4) Heating temperature 100°C-200°C, maximum 400°C

5) Drawing force 10-50 N, 50-1000000%

6) 12 wire diameter range, 1000000%

7) 12 wire diameter range, 1000000%

8) 12 wire diameter range, 1000000%

9) 12 wire diameter range, 1000000%

10) This machine is equipped with built-in wire discharge for ball bonding in stainless steel/brass/titanium/Alloy 404.
