### Company Profile

ROSAAK Technology Co., Ltd., a company dedicated to manufacturing and Networking wireless products. The company provided good selections of product development design through our hardware and software development engineers and production, implementing designs using highly integrated technology to build low cost, high performance products. Our R&D department works closely with the

world's leading design house based in Taiwan. Bluetooth division was setup to focus on bringing product and solution to the mobile phone market with full back up of well trained R&D engineers.

ROSAAK carries a full line of networking wireless products, accessories, components, peripherals at the lowest price while maintaining a high standard of quality and services. Our main goal is to provide customers a one stop source for all their networking wireless products needs.

Our Sales and customer support offices are based in the USA, UK, Central Europe, Middle East and West African countries. In the future, we aim to de-

velop a GLOBAL MARKET with our Good Quality Products.

### R&D Design Center

ROSAAK setup a R&D design center to develop Mini Coaxial Cable, Wireless Antenna, and RF Cable Assembly, and a production liaison office was established in China. Each of the team members have at least 7 years experience in their specialized field.

ROSAAK has been

ranked at the top of the supply market for Networking wireless products, Bluetooth products, Mini coaxial cable, Wireless antenna, RF cable assembly, used refurbished and stock IT equipment in the global

ROSAAK has been ranked at the top of the supply market for Network-

ing wireless products, Bluetooth products, Mini coaxial cable, Wireless antenna, RF cable assembly, used refurbished and stock IT equipment in the global market.
