Introduction

Hifresh INTL.CO.LTD --- established in 2007, is one of the processor, supplier, importer, exporter and agent for fresh and frozen seafood products in TAIWAN.

We own aqua farms in southern part of Taiwan (Chiayi & Pingtung) and very closely associated with High standard, ISO & HACCP approved processing factories in Chiayi in order to maintain steady supply of wide range of seafood products.

We constantly supply fresh & frozen seafood to local five stars hotels, restaurants, wholesalers and retail markets, yet we also have two retail operations based in Taipei Central Fish Market.

We used to import from / export to NE Asia like Japan and Korea, and now we are seeking for oversea clients around the world which is based on long-term business cooperation relationships.
